

If You Only Knew

What So Not

If you only knew
Knew
If you only knew
Knew

If I ever knew
You would never save me
You would never help me
If I ever knew
You would only hurt me
Maybe I deserve it?
Whispers began to truth
If I only knew, knew, baby

Was tryna get a hold on you
Was tryna get a find on you
Was tryna get a hold on...

If you never knew
If I only knew
Nothing left to lose
If I only knew

You could tell the truth
Nothing means relation
No more celebration
If I ever knew
Your manipulation
God is a creation
