

Scratch marks on the wall  
(Why you tryna leave?)  
You've been through it all  
(Are you afraid of me?)  
I'm just keeping you here  
(I'm just keeping you here)  
I'm not crazy I swear  
(I'm not crazy I swear)

This the room that you'll be living in  
I knew some boys that wanted you and I got rid of them  
I think I'm going insane  
Can't get you out of my brain

Since I caught your eye from across the room girl  
This whole time I've been watching you  
It's been a while now  
(I think I'm going insane)  
But you're mine now  
(Can't get you out of my brain)

Scratch marks on the wall  
(Why you tryna leave?)  
You've been through it all  
(Are you afraid of me?)  
I'm just keeping you here  
(I'm just keeping you here)  
I'm not crazy I swear  
(I'm not crazy I swear)  
You scream until you fall  
(Why you tryna leave?)  
Who you tryna call?  
(Are you afraid of me?)  
Girl, there's no one out there  
(Girl, there's no one out there)  
Not a souls to hear  
(Not a souls to hear)

This the room that you'll be living in (living in)  
I knew some boys that wanted you and I got rid of them  
I think I'm going insane  
Can't get you out of my brain
