

You're my little scenecore slut
I know that your wrists are cut
I don't want you feeling ignored
I can be your vampire
Sink my teeth into your neck
I can be your vampire
Come to me I'll do the rest

We'll fuck the night away
Come here, baby, be my little slut
We'll fuck the night away
Grab somebody sexy say
Let's fuck

Put your fucking hands up
Keep them there ill tie them up
I don't want you feeling ignored
I can be your vampire
Sink my teeth into your neck
I can be your vampire
Come to me I'll do the rest

Yes, I'm the only one
All you'll ever think about is me
Yes, I'm the only one
Girl, I'll be the last thing that you see

You're my little scenecore slut
I know that your wrists are cut
I don't want you feeling ignored
