

Dead Again

Wheatus

I don't even know what she did
She probably bought it from Sid
She stumbles around on the ground
Looking for earrings she found and lost again
I can't be your friend. I'm wondering when
I get to begin again?

Cuz I think she's probably dead again
Yeah I think she must be dead again
Yeah I think she's probably dead again
Yeah I think she must be

I must be out of my mind
Why am I being so kind?
Now we're face down in the sand
Wishing I played in a band
Like take me away. Like bright sunny days
Like met her in May
Like may I forget her name

Cuz I think she's probably dead again
Yeah I think she's must be again
Cuz I think she's probably dead again
Yeah I think we must be
