

## Lullaby

Wheatus

Mrs. Sotheby cut in front of me twice  
I remember her back when she was nice  
Long before her pharmaceutical life  
Mr. Sotheby's gone now, so is his wife

Who...

Who will save you now, babe?

Who...

Will carry the groceries  
Rake all the leaves away  
Sing you a story or two  
Now "fetch me my medicine" 's all that I need you to

Sleep now my love  
We will have so much time  
When we wake up  
Sleep now my love  
We will be doin' fine  
We will have so much time  
When we wake up  
When we can carry the groceries  
Rake all the leaves away  
Read you a story or two  
Now "fetch me my medicine" 's all that I need you to...  
Do... ain't it true?  
Who...  
Who will save you now, babe?
