

LOCK IT UP

Got a good life, when I grow up, I flourish
Your bitch wanna take a pic like she a tourist

They talkin' 'bout me like I am a thesaurus
Got some boys in the hood, I ain't talkin' 'bout Morris
We gon' take everything in your house, get a mortgage
I need some glory, I feel like I'm Morgan, no Freeman
I drop a new song, all my fans know they geekin'
Might go to L.A. and crash for the weekend
Midwxst the name, bitch, no one can defeat him
Get in the whip, bitch, you playin' my music
You got a gun, but we know you won't use it
I got some power, but I won't abuse it
I'm one of a kind, no, you can't reproduce me
The mic is my hammer and, bitch, I am Thor
Ain't none of y'all ready for shit that's in store
I kill the beat, put it under me, no score
Feel like I'm Bruno Mars, open that door
I'm switchin' the flow up, switchin' that cadence
Finna get reckless, tired of behavin'
I'm way too ahead, I got daylight savings
I have evolved while, bitch, you a caveman
You not gon' slide, bitch, I know that you flakin', fakin'
I use the mic like a sword and I'm Jason
Forgin' my words in this bitch like a mason
Bitch, I am born again, not talking Jason
I don't play fair, get a foul and it's flagrant
Remember recording down inside my basement
Now I'm in L.A., might take a vacation, yeah
Run the track like a motherfucking relay
Give a fuck about what he or she say
We be tweakin' together, no BK
I've been bangin' my chest like I'm D.K., spin tracks like a DJ
Lame-ass nigga wanna talk shit, okay
If we got beef, boy, you better drop it, okay
Love to talk about me, like to gossip, okay
Had to cut 'em off, too toxic, okay
In my town, bitch, I'm a trending topic, okay
Throwin' hands like I'm in a moshpit, okay
