

Radar

Whethan

Doesn't matter
Doesn't matter
Doesn't matter
Doesn't matter where you are

You can lay with all you like
But hard to get, it's a play, that I just can't get it right
It's just clear as black and white
And you're not blind, you can see it
Even in the middle of the night

Somebody told me that there is always, always
Tight on my grip and I won't let you slip away

Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine
Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine

Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine
Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine

Go pick up all you like
And maybe you're a fool if you're sinking
That I let you by my side
I won't let you pass me by
I've been trying long enough to get you
And get you out of mind

Somebody told me that there is always, always
Tight on my grip and I won't let you slip away

'Cause doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine
Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine

Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine
Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine

Doesn't matter
Doesn't matter
Doesn't matter
Doesn't matter where you are
Somebody told me that there is always, always

Tight on my grip and I won't let you slip away

Doesn't matter where you are
You know you can't fuck with my radar
I'll find you and make you mine
Doesn't matter where you are
You know you can't fuck with my radar
I will find you and I will make you mine

It doesn't matter
It doesn't matter
It doesn't matter
Doesn't matter where you are
It doesn't matter
It doesn't matter
It doesn't matter
Doesn't matter where you are
