

ROOM IS ON FIRE

Whethan

The room is on fire, the room is on fire
Gettin' too hot
The room is on fire, room is on fire
Gettin' too hot
The room is on fire, room is on fire
It's gettin' too hot
The room is on fire, on fire
Gettin' too hot

Gettin' too hot
The room is on fire, the room is on fire
Gettin' too hot
The room is on fire, the room is on fire
Gettin' too hot
The room is on fire, the room is on fire
Gettin' too hot

The room is on fire, on fire
She ain't into argue patient
Casual, she my argue patient
Never care too much what I'm making
Not really in the bed with some bacon
I'm pulling up to the flat, what's shakin'?
Don't really like your girlfriend, she basic
Trippin' off all the time we takin'
Homegirl's got low vibration
I'm just gonna bring peace to the nation
Ah, let me know if you break up
More friendly to some of my haters
Run bad, don't bro, it's a stick up
Don't get yourself caught in the mixer
Stone grave with the moral stiffer
Spark up, sip some of this hiccup
Spin 'round, make you try to go thicker
The room is on fire, the room is on fire (the players are on)

Gettin' too hot
The room is on fire, room is on fire (where'd it go?)
Gettin' too hot
The room is on fire, the room is on fire (players are on)
Gettin' too hot
The room is on fire, the room is on fire (where'd it go?)
It's gettin' too hot (they won't stop you now)

I got like five dollars left
And my Uber up and left
Still, these diamonds on my neck
Only happen on flights that don't connect
I got like five dollars left
And my Uber up and left
Still, these diamonds on my neck
Only happen on flights that don't connect
The room is on fire, the room is on fire
Still need a light switch, wanna get higher
Tryin' to get higher
Really wanna fight ya, might have to smite ya
If you start to holler, eat more loud

Sippin' on loud, can't come down
Can't come down
I'm trying to get up, trying to get up
See you get worked up
Baby, get wetter, I want you to get wetter
I need you to get wetter, this is gon' go better
Got a show in the morning, always performing
Before show, you going in?
For show morning, get it in the morning
You might have to stretch her, ha
She want me to stretch her, she want me to get her hot
I'ma get her hot, I'ma get her smokin'
Two in the morning and she chokin'
Yeah, come down

The room is on fire, the room is on fire
Gettin' too hot
The room is on fire, room is on fire
Gettin' too hot
The room is on fire, room is on fire
It's gettin' too hot
The room is on fire, on fire
Getting too hot
