

## So Good

Whethan

Damn

What am I doing? I didn't mean to think out loud  
Feeling your emotion is getting me over someone  
It wasn't my plan to be out here with you in a crowd  
Feeling your emotion is getting me over someone  
What am I doing? I didn't wanna leave my couch  
Feeling so low, I'm tryna get over someone  
It wasn't my plan to be out here with you in a crowd  
Feeling your emotion is getting me over some  
Getting me over someone

Getting me over someone  
So good together  
So good, good (Ooh)  
So good together  
So good, good (Ooh)  
So good together

Damn

What am I doing? I didn't wanna leave my couch  
Feeling so low, I'm tryna get over someone  
It wasn't my plan to be out here with you in a crowd  
But I'm glad that my friends dragged me out

Damn

What am I doing? I didn't mean to think out loud  
Feeling your emotion is getting me over someone  
It wasn't my plan to be out here with you in a crowd  
Getting me over someone

So good together  
Getting me over someone  
So good together  
So good, good (Ooh)  
So good together  
So good, good (Ooh)  
So good together  
So good, good (Ooh)  
So good together  
So good, good (Ooh)  
So good together  
So good, good (Ooh)  
So good together  
So good, good
