

## Summer Luv

Whethan

I call you for no reason  
Send smoke signals  
Let you know I still believe in  
Summer luv'ing after dawn  
So when can I see ya?  
Need smoke signals  
Let me know 'cause you and me is  
All that I've been dreaming of  
Yeah

If you feelin' lonely  
Like you missin' the moment  
Don't call it alone time  
Just a summer luv line  
If you feelin' lonely  
Stop missin' the moment  
Let's call it a good time  
Just a summer luv line

(Just a summer luv line  
Just a summer luv...)

Feel my chance getting closer  
All I need is a green light  
From my angel dancing solo  
Shining like a star tonight  
So when can we YOLO?  
Just give me the green light  
Visit the sunrise by the ocean  
Get so high and take a dive  
Yeah

If you feelin' lonely  
Like you missin' the moment  
Don't call it alone time  
Just a summer luv line  
(Just a summer luv line)  
If you feelin' lonely  
Stop missin' the moment  
Let's call it a good time  
Just a summer luv line

(Just a summer luv line  
Just a summer luv...)

If you feelin' lonely  
Like you missin' the moment  
Don't call it alone time  
Just a summer luv line  
If you feelin' lonely  
Stop missin' the moment  
Let's call it a good time  
Just a summer luv line
