

# Sunshine

Whethan

Sun shower got me by the hour  
Watching you, oh baby  
Sun shower got me by the hour

Sun shower got me by the hour  
Watching you, oh baby  
Sun shower got me by the hour  
Loving you, oh baby  
Sun shower got me by the hour  
Watching you, oh baby  
Sun shower got me by the hour  
Loving you, oh baby

Loving you, oh baby  
The sun come up  
Oh baby  
Loving you, oh baby

You can walk alone in the darkness  
Of a thousand angry souls  
But we'll be together, yeah  
You can stand up on the mountain  
In the rain or in the cold  
We'll be together, oh oh yeah

Loving you, oh baby

Loving you, oh baby  
The sun come up

Sun shower got me by the hour  
Watching you, oh baby  
Sun shower got me by the hour  
Loving you, oh baby

Sun shower got me by the hour  
Watching you, oh baby  
Sun shower got me by the hour  
Loving you, oh baby
