Upside Down

Whethan

What if I pulled up on the pavement?
What if I bought it just to break it?
What am I doin' when I'm waitin' for you?

And how do I live with this hole in my head?
'Cause I got my feet on the ground
The words that I wish you would tell me instead
The next time you come to my house

I'm tellin' you that I won't be here waitin' anymore
Don't call me when the sun goes down
But you can say I'm sorry baby, don't be cynical
'Cause you can turn me upside down
'Cause you can turn me upside down (upside down)
'Cause you can turn me upside down
'Cause you can turn me upside down (upside down)
'Cause you can turn me upside down
'Cause you can turn me up

And how do I live with this hole in my head?
'Cause I got my feet on the ground
The words that I wish you would tell me instead
The next time you come to my house

I'm tellin' you that I won't be here waitin' anymore
Don't call me when the sun goes down
But you can say I'm sorry baby, don't be cynical
'Cause you can turn me upside down
'Cause you can turn me up
'Cause you can turn me up
