

Warning Signs

Whethan

This crib so big I get lost in it yeah
Outta my mind, I'm involved yeah
Warning signs
Could you call me baby, yeah
We get out of touch
I get lost in my feelings, yeah
I can't even rush, uh
This shit is crazy, shit is different, uh (woo)
I can't even rush, yeah, yeah
This shit is insane, shit is wicked

We gon be at the top someday
I just hope you don't change up
Big ass crib in The Hollywood Hills
I'm lost, I just feel dangerous
I just, I was so anxious
Don't you know me girl
'Til the wheels
Hope we don't fall off
In the rear
Know that you got me, yeah

This crib so big I get lost in it yeah
Outta my mind, I'm involved yeah
Warning signs
Could you call me baby, yeah
We get out of touch
I get lost in my feelings, yeah (Aah)
I can't even rush, uh
This shit is crazy, shit is different, uh (woo)
I can't even rush, yeah, yeah
This shit is insane, shit is wicked

We gon be at the top someday
