

Win You Over

Whethan

(If I try could I win you over?)
(If I try could I win you over?)
(If I try could I win you over?)
(If I try could I win you over?)

I visualize day that you and me
Making memories
Every night you've been in my dreams
Taking enemies and it's haunting me

I won't give up, am I out of luck?
Dead jokes and puns
Don't think you're having fun
My funk is stuck in a big bottle
While talking to you
Do you think I'm super cool?

If I try could I win you over?
If I try could I win you over?
If I try could I win you over?
If I try could I win you over?

(If I try could I win you over?)
(If I try could I) Win you over?
If I try could I win you over?
If I try could I win you over?

I'm a fool, got a plan or two
All the things I do just to impress you
My funk is stuck in a big bottle
While talking to you
Do you think I'm super cool?

I won't give up, am I out of luck?
Dead jokes and puns
Don't think you're having fun

If I try could I win you over?
If I try could I win you over?
If I try could I win you over?
If I try could I win you over?

If I try could I
(If I try could I) Win you over?
If I try could I win you over?
If I try could I (Win you over?)

Wanna be the puppy in your basket, ooh
Wanna be the puppy in your basket, ooh
Don't wanna grow out of it, grow out of it, ooh
I wanna be the puppy in your basket, ooh

If I try could I win you over?
If I try could I win you over?
If I try could I win you over?
If I try could I win you over?

(If I try could I win you over?)
(If I try could I) Win you over?
If I try could I win you over?
If I try could I (Win you over?)
