

## Devil called love

Whigfield

She said hello and all went coloured  
From black to white  
Her kiss was soft  
Enough to make a man cry

She said sweetie boy, I better finalize  
But there was a feeling in his kiss  
Kiss goodnight

It's just that old devil called love again  
Uh, that devil called love  
Wants to be my friend  
I've been told old love ain't a thing  
Bad boy, he wants to stay  
The night, ah ait  
And it's love again  
Ah-ah-ah  
Ah-ah-ah

Their bodies moved into each other  
In rays of light  
Her kiss was soft, too sweet  
It made his mouth dry

She said sweetie boy this better end tonight, ai-ai  
But the devil crawled back in her heart  
Hard to fight

It's just that old devil called love again  
Uh, that devil called love  
Wants to be my friend  
I've been told old love ain't a thing  
Bad boy, he wants to stay  
The night, ah ait  
And it's love again

Oh, devil shake it right shake it left shake it  
Oh, devil shake it right shake it left shake it  
Oh, devil shake it

Old devil called love again  
Devil shake it  
Oh, wants to be my friend  
But I, I, I, I've been told  
That old love ain't a thing  
Bad boy, he wants to stay  
The night, ah ait  
And it's love again  
Ah-ah-ah...
