Much More

Whigfield

Baby you can give me so much more
Give me more – you can
Baby gotta give me
I can take much more

Give to me the love i need
Let me share the joy i feel
In your eyes i see my life
Next to me I feel complete tonight

Baby you can give me so much more
Give me more – you can
Baby gotta give me
I can take much more

Give me time inside your life
You the love – the man i find
Understand the way i am
Next to me a love without an end

Baby you can give me so much more
Give me more – you can
Baby gotta give me
I can take much more

Baby you can give me so much more
Give me more – you can
Baby gotta give me
I can take much more
