

Modern Minds

While She Sleeps

We'll choose our lives with blind intent
Haunt ourselves with fears of change
Struggle, save watch time repeat
Let them treat our innocence

Take our freedom, take our rights
Teach us how to conquer life
By the book, by gulding light
Within the lines of modern minds

Too many misery victims born and raised
Drip feed the casualties, turn it off
Turn it off! Fuck the company!
No faith! No faith, no faith in me!

There's no time to waste, landmines in the graves
Holding on to youth, refuse

And all you wanna know is, where we go in the end
Transfixed, dope sick, time to waste
And how do we get out of this hell that we live
My hatred's pulling me in

Don't give up, give up, give up on yourself
Brainwashed like everyone else
Don't bottle your dreams hide them away
Cold future, no escape

Don't speak knives, don't speak knives
Don't speak knives, at what our future could be
