

about you

WHIPPED CREAM

I thought I let you a thousand times
I know that it's not clearly right
But I still think about you
And I still dream about you
And I still sing about you
(About you, about you, about you, about you)

Where were you
Where were you

(About you, about you, about you, about you)
(About you, about you, about you, about you)
(About you, about you, about you, about you)
(About you, about you, about you, about you)
(About you, about you, about you, about you) Where were you
(About you, about you, about you, about you)
(About you, about you, about you, about you)
(About you, about you, about you, about you)

Where you walking, Y'all stop dropping
Girl you're flawless, heard that often
Hear me, can you hear me calling
Near me, I need you near me often
And I still think about you
I still dream about you
And I still think about you
(About you, about you, about you, about you) I still dream about you

Where were you
And I still think about you
I still dream about you
And I still think about you
Where were you
In here I still can't be without you
I am so lost, I cannot see without you

(Oh-oh)
(Oh-oh, I think about you)
In here I still can't be without you
I am so lost, I cannot see without you
(Oh-oh)
(Oh-oh, I think about you)
In here I still can't be without you
I am so lost, I cannot see without you

(Out of my bed, Out of my head, Out of my heart)
(About you, about you, about you, about you)
(About you, about you, about you, about you)
(Out of my bed, Out of my head, Out of my heart)
