

Angels

WHIPPED CREAM

You said you'd be here
You said do not fear me

Angels cry
Just like I do
Just like I do just like I do
Angels cry
Just like I do
Just like I do just like I do

Just like I do just like I do
Just like I do just like I do

You said you'd be here
You said do not fear me

Angels cry
Just like I do
Just like I do just like I do
Angels cry
Just like I do
Just like I do just like I do

Just like I do just like I do
Just like I do just like I do

Just like I
Just like I do
Just like I
Just like I do
Just like I
Just like I do

Angels cry
Just like I do
Angels cry
Just like I do
