

I Won't Let You Fall

WHIPPED CREAM

Hold me while I'm bleeding out
Your voice forever haunts me
Everything is burning down
I wish you would've wanted me

I'm already somewhere in the stars, I was your Orion
Already tried to guide you many times before
Only fingertips away from a new horizon
But not any more

The last thing you said before you let go
Was "I won't let you fall, I won't let you fall"
That the tables turned you from the below
Like I won't let you fall, yeah, like I won't let you fall
Was "I won't let you fall, I won't let you fall"
Was "I won't let you fall, like I won't let you fall"

I met Alice in a wonderland
She offered me a wonder gram
I took it then I wandered, fam
Over to her palace, damn
'Cause you're my fucking medicine
I relapse in your bed again
You relapse in my head again
You end up in your head again

I'm already somewhere in the stars, I was your Orion
Already tried to guide you many times before
Only fingertips away from a new horizon
But not any more

The last thing you said before you let go
Was "I won't let you fall, I won't let you fall"
That the tables turned you from the below
Like I won't let you fall, yeah, like I won't let you fall
Was "I won't let you fall, I won't let you fall"
Was "I won't let you fall, like I won't let you fall" (yeh)

In deep but I could go deeper
Mama my little macita
Loving up in the two-seater
Miss Whip coming outta the speaker
