Dry

Whirr

Upset
This is how I get
'Cause we stopped but we don't need it
What we lose, we can't choose
We are through

Let me go, we're not in control
We are used in pursuit
I can't lie, I can't try
It's not you

Weigh me down and cry
Until you're dry
Drown out my insides

Weigh me down and cry
Until you're dry
Drown out my insides

Drown me every time
Drown me every time, dry
Drown me every time
Drown me every time, dry

Dry
Dry
Dry
Dry
