

## Keep

Whirr

Cloudy days lift my head up  
I've always taken to the rain  
I don't like sunny weather  
I prefer the overcast haze  
I keep quiet  
I take to the rain  
Light shines in through the window  
I think we should close all the blinds  
I feel safer in shadows  
Insecurities leave me shy  
I keep to myself, it's comforting  
I spend time by myself, no company
