

## Mumble

## Whirr

Mumbling with you feels okay  
Because you do too  
Our words blur, sound the same  
But to me we're clear, I'm feeling you

You

I'm different with you  
You're better than what I'm used to  
So let's stay away from what's normal  
Because I mumble too

I'm feeling you  
You  
You
