Whirr

Shallow, I'm wading
Drifting down your seams
Count the waves, feel your face
Taking lead, lead

Embrace
Pressing

Ask me to stay
I want you more lately
At your own pace
I want you to take me

Shaking
You're gradually building
Shaking

Embrace
Take me

Pressing you gently
You're gradually building
Pressing you gently
You're gradually building
Pressing you gently
You're gradually building
