

## Rose Cold

Whirr

Count to three  
Pull some strings till I feel alright  
Pressure on you  
Too close to breathe

I'm all out of focus  
It's blurry all the time  
Business is blooming

I feel tired  
I'm not okay  
But it's perfect

I'm in need of remedies  
Is the dose right?  
Better take two  
Been out for weeks

I'm all out of focus  
It's blurry all the time  
The pain always lingers  
It keeps me up at night

The pain always lingers

I feel tired  
I'm not okay  
But it's perfect
