

## Some of Your Love

Whiskey Myers

Are you ready to believe in this here world today  
Away from all the same old tangled choices that they make  
Fly me away, take me away from the hate  
I can be your soul escapin', breaking higher planes

I want all of your love  
I need all of your love  
You know me, you know me

Got to get me some of your love  
I got to get me some of your love  
Got to get me some of your love  
Your love

Are you ready to believe in me enough to stay  
I can be your soul escapin', breaking higher planes

I want all of your love  
I need all of your love  
You know me, you know me

Got to get me some of your love  
I got to get me some of your love  
Got to get me some of your love  
Your love

Got to get me some of your love  
Got to get me some of your love  
I got to get me some of your love  
Your love

Yeah, I got to get me some of your love  
I got to get me some of your love  
I got to get me some of your love  
Your love
