

# Virginia

Whiskey Myers

Earthquakes and Hurricanes  
And slow movin' freight trains  
Girl that's how,  
You make me feel sometimes

But you were gone away from here  
So far my dear  
Up by that northern state line

[Chorus]  
Virginia  
Lie in all my broken dreams  
You pick me up  
And you sure make me smile  
Virginia  
And I would give anything  
To come dance around  
My memory for awhile

[Solo]

Off in the moonlight,  
Sweet southern moonlight  
A billion stars,  
Bare feet in the sand

I'm countin' down the summer days  
Smiling at our reckless ways  
You was my girl  
And I was your man

[Chorus]

[Solo]

That's the way the story goes  
Of broken hearts and sad souls  
You left me here,  
Not saying goodbye

Said you headed with your paw  
North Arkansas  
But that was back before, 1975

[Chorus]
