

## Double Death

White Denim

Double death  
I remember feeling shocked before  
I'm at a loss, I'm lost  
I must admit that I expected more

Life is truly [?]  
If it burst like a bubble  
And your shoes are untied  
Cause they look like trouble  
And [?] this time

Come on people spit 'em up  
Kick a kerosene can, if you can  
Are you a boss collecting floss  
Are you an elegant dead man

Life is truly [?]  
If it burst like a bubble  
And your shoes are untied  
Cause they look like trouble  
And [?] this time  
Is it something like a good thing  
Do you feel alright  
Are you seeing double  
In the glare of night

Double death  
Getting out of a grocery store  
I'm at a loss, I'm lost  
I can't remember what I came here for

Life is truly [?]
