

Econolining

White Denim

Long time no see
Long time no see
Long time no see

Why can't you remember that we are all glass
Econolining glacier passes
Crack tooth grinning
Mind over mass
This is going fast
I had my reasons for waiting so long
The tie seemed strong but it won't hold all
You'll be giving it the gas
Right up until you crash

Oh I'm back to the starting line
Sadly it's killing time
So long
Oh while you try to take mind
The read line is on your palm

Why can't you remember chewing your gum
With your mouth so open, your eyes too young
To see that you can't outrun your grief
You and your keeper thinking you're one
Grinning in the darkness
Flicking your tongues
Pissing in the chat with your green little thumbs
Just for me

Oh I'm back to the starting line
Sadly it's killing time
So long
Oh while you try to take mind
The red line is on your palm

It's been a long time
Yes I read red lines
It's been a long time
Yes I read red lines
