I Can Tell

White Denim

I can tell by your talking
Tell by your talking
Alright alright

Tell by your talking
That you think that you are right
But you're not right
Alright alright
Tell by your talking
That you think that you right
But you're not right

Did you forget to chew your medicine, honey?
Did you forget to chew them well?
Did you forget to chew your medicine, honey?
Did you forget to chew them well?

Tell by your talking
That you think that you right
But you're not right
Alright alright
Tell by your talking
Alright alright

Tell by your talking
That you think that you are right
But you're not right
Alright alright
Tell by your talking
Right but you're not right
Alright alright
