

Let's Talk About It

White Denim

What's that you see?
What's that you say?
What do you think you know?
Let's talk about it

Just what you think
You hear me say?
I said I'm gonna watch it grow
Let's react to it

Let's talk about it
Let's react to it
Let's talk about it
Let's react to it
Let's talk about it

It's a tale I relay, woah
Do we have the right time of day? uh oh
Such attack, hooray, that's so
I told ya anything left to play, woah

What's that you see?
What's that you say?
What do you think you know?
Let's talk about it

Just what you think
You hear me say?
I said I'm gonna watch it grow
Let's react to it

Let's talk about it
Let's react to it
Let's talk about it
Let's react to it
Let's talk about it
Let's react to it
