

Our Get

White Denim

Oh, you got a hold on me, kid
Oh, you got a hold on me
Oh, you got a hold on me, kid
You got me making strangers, my friend
I'm consumed and objected
Getting help from some new star
Bide time at a slow
Swim in a river
Feeling fine with unknowns
Treading water with a hollow log
I'll [?] an exception
I get an exception
I don't mind an exception
I keep an exception

Oh, you got a hold on me, kid
Oh, you got a hold on me
Oh, you got a hold on me, kid
You got me making strangers, my friend, and I was wondering
How you got a hold on me
How'd you get a hold on me

And I've hoped for some time that it wouldn't matter
I've had it all in the same way
