

Small Talk (Feeling Control)

White Denim

How about this weather?
Keeps getting cold and then it gets hot
We never did that
We talked about it a lot
I'm still thinking 'bout it
You caught me thinking 'bout my feelings
Feeling control
I can't feel it
Ooh, feeling control

I don't feel like Chinese food
I don't feel like Indian food
I don't feel like Italian food
I don't feel like Chinese food

Feeling control

I heard you live close to the Dobie
I used to live there too
Above the seven double one, but I recently moved
That's kind of crazy, that's where you bought your blues
Babe I want to get to know
You've got me looking for clues

I want to hear about your weekend spent
I want to know how much you pay in rent
Did you workout holidays?
I'm making mental notes on little things that you say

I can't feel if you can't feel
You can't feel if I can't feel
I can't feel if you can't feel

I want to hear about the meat you eat
Are the feet you use to stomp away the work week asleep?
What will you tell me about your daddy's ways?
You know I'm making mental notes on little things that you say

Oh, feeling control
I can't feel it, feeling control
Feeling control
I can't feel it
