

Work

White Denim

I just wanna work
Until I'm not working
I just wanna work, work, work, work, work
Until I'm not working

Never gonna bust the hump
Until we get to spring
Yeah, I just wanna work, work, work, work, work
Until I'm not working

Yeah, I just wanna work
Until I'm not working
I just wanna work, work, work, work, work
Until I'm not working

I'm gonna sing, I'm gonna see
Yes, I'm gonna work, work, work, work, work
Until I'm not working

I'm gonna work
Until I'm not working
Yes, I'm gonna work, work, work, work, work
Until I'm not working

I know I'm gonna beat the curve
Man, I'll beat anything
So I'm gonna work, work, work, work, work
Until I have everything

I just wanna work
Until I'm not working
I just wanna work, work, work, work, work
Until I'm not working

I'm feelin' like a cannonball
I could knock down anything
I'm gonna work, work, work, work, work
Until I'm not working

Yeah, I just wanna work
Until I'm not working
I wanna work, work, work, work, work
Until I'm not working

I know I'm gonna beat the curve
Man, I'll beat anything
I'm gonna work, work, work, work, work
Until I'm not working

Yeah, I just wanna work
Until I'm not working
Yes, I'm gonna work, work, work, work, work
Until I'm not working

I'm gonna sing, I'm gonna see
I'm gonna work, work, work, work, work
Until I'm not working

I'm gonna sing, I'm gonna see
Yes, I'm gonna keep working
