

# Take A Walk Around The Table

White Rabbits

Boys in the back sing a tune that rings in your head  
And the girls in the basement come running to hear what they've  
said  
So I, I'll take you in while the night is young  
And they'll carry on on their own

Now everybody's making plans that nobody's gonna keep  
They'll make their way up one by one, spilling into the streets  
But I, I'll take you in up the way they've gone  
And we'll make our way to the back of our doorstep  
So take a walk, just take a walk around the table

So I, I'll take you in up the way they've gone  
You tell me to leave, but I'm gone  
And so I'm underneath you, and you you're calling to me  
But I never knew you , and you you never knew me
