

I Don't Think She Cares

White Reaper

I don't think that she cares anymore
At least not like she did
Not like she cared before
She don't want nobody
She don't tell nobody
Now I'm crying on the floor

Cause I don't think she cares anymore, anymore
I don't think she cares anymore, anymore
No, she don't care

She don't call
She don't call me anymore
My phone's not ringing
Ringing like it did before
She don't love nobody
She don't want nobody
Now I'm crying on the floor

'Cause I don't think she cares anymore, anymore
I don't think she cares anymore, anymore
I don't think she cares anymore, anymore
I don't think she cares anymore, anymore
