

# Only A Shadow

White Reaper

Lying in my room quite late one night  
Something I could see made me check my sight  
Something very strange made me walk outside  
So I walked outside like this fool would  
Nothing to lose and I knew I should  
Ever since she told me that I was no good  
It was no good, I knew it would be...

Only a shadow, only a shadow  
Only a shadow but she looks like you  
Only a shadow, only a shadow  
Only a shadow but she looks like you  
She looks like you

It's the time of year when the flower dies  
It's the kind of night where the ghost will rise  
Searching for a girl with the dancing eyes  
Who could stay all day but leave next night  
Instinct should have told me it never worked out right  
Now I'm very nervous, I leave on my light  
But I walk outside, I walk outside, but it's...

Only a shadow, only a shadow  
Only a shadow but she looks like you  
Only a shadow, only a shadow  
Only a shadow but she looks like you  
Only a shadow, only a shadow  
Only a shadow but she looks like you  
Only a shadow, only a shadow  
Only a shadow but she looks like you  
She looks like you

Listen to her voice going 'round my head  
Comes to me at night when I'm in my bed  
Could be going crazy, it's what they said  
And what they say is I'm no good  
Told me to leave, you really think I should  
Haunted by your face everywhere I look  
But I walk outside and I walk to find it's...

Only a shadow, only a shadow  
Only a shadow but she looks like you  
Only a shadow, only a shadow  
Only a shadow but she looks like you  
Only a shadow, only a shadow, only a shadow

Only a shadow  
Only a shadow  
Only a shadow  
Only a shadow
