

Deep in the desert is hidden a sun  
Only the stars know what it's for  
Seven symbols in position crack the code  
Egyptians know the score

[Chorus]  
In the sky The Mangler

The alien found out the way to the earth  
Human creatures were easy to rule  
But the newcomer God was dangerous and bad  
The Stargate must be closed

[Chorus]  
In the sky The Mangler

Just beware the ancient profecy  
When the mangler will be back

Hieroglyph writting point out the fate  
In the next future he will be back  
Never try to let this alien come again  
This Rha is not the sun
