## **Top Secret**

White Skull

You have seen a light from the sky, burning Heart a big crash on the earth All the people are searching for the death zone, searching But the area was just closed

Another mystery, the people want to know

Chorus Secret, secret, is falling from the sky All the people think, who was, and why You know that there is another life coming from the stars From the sky

1941 was the year of the crash down The spaceship was moved to another place Magazines were talking about that all day The authority was talking about an accident
