

After All

Whitesnake

I've been thinking about your love
I think of you all the time
I think of you
When your heart beats next to mine
You know the words to say
To chase my blues away
Our love is here to stay
After all

After all
You have my love and my devotion
After all
It's deeper than the ocean
After all is said and done
You're still the only one

When I look into your eyes
You make me realize
True love never dies
After all
And as time goes drifting by
Like clouds across the sky
Together, you and I
After all

After all
You have my love and my devotion
After all
It's deeper than the ocean
After all is said and done
You're still the only one

When our Summer
Turns to Fall, I know
When our Winter
Comes to call, I know
We'll be standing tall
After all

When our Summer
Turns to Fall, I know
When our Winter
Comes to call, I know
We'll be standing tall
After all

I've been thinking about your love
I think of you all the time
I think of you
When your heart beats next to mine
And as time goes drifting by
Like clouds across the sky
Together, you and I
After all

After all
You have my love and my devotion

After all
It's deeper than the ocean
After all is said and done
You're still the only one

You're still the only one
