

Don't Fade Away

Whitesnake

A9

A D
As I stand at the crossroad,
As I stand at the crossroad
Bm F#m
Bmi F#mi
I see the sun sinking low...
A D
With my cross of indecision,
Bmi F#mi F#m9
I can't tell which way to go...
A D
Now I have seen the seven wonders
Bmi F#mi
And I have sailed the seven seas,
A D
I've walked and talked with angels,
Bmi F#mi E/As
And danced all night with gypsy queens...
D/F#
All in all it's been a rocky road,
G D/F# A
Twists and turns along the way...
E/As D/F#
But, I still pray for tomorrow,
Bmi D
All my hopes, my dreams
E A A9
Don't fade away... Don't fade away...
A D
I have painted many portraits,
Bmi F#mi
Memories of love and pain,
A D
Though cut down by life's deceptions
Bmi F#mi E/As
I found the strength to start again...
D/F#
All in all it's been a rocky road,
G D/F# A
Twists and turns along the way...
E/As D/F#
But, I still pray for tomorrow,
Bmi D
All my hopes, my dreams
E A E
Don't fade away... Don't fade away...
E
Heaven help a man
D/F# A
Trying to make up his mind,
E
With the darkness closing in,
D/F# A
I feel I'm running out of time...
E

Shine a light for me,
 F#mi
 Help me find the way to go,
 D **E**
 And take me where I've never been before...
A9
 A **D**
 A **D**
 And so I stand at the crossroad,
 Bmi **F#mi**
 Watching the sun sinking low...
 A **D**
 With my cross of indecision,
 Bmi **F#mi** **E/As**
 Trying to find the way to go...
 D/F#
 All in all it's been a rocky road,
G **D/F#** **A**
 Twists and turns along the way...
 E/As **D/F#**
 But, I still pray for tomorrow,
 Bmi **D**
 All my hopes, my dreams
 E **A** **A9**
 Don't fade away... Don't fade away...Don't fade away...
