

## Tired Of The Rain

Whitey Morgan and the 78's

I never was the kind of man  
To let down my guard  
And let someone else in my heart  
But you were like the sunshine  
For the first time in a long time  
And when I fell, I fell hard

Ain't gonna be no rainbow  
I guess it's time that I let go

I get so tired of the rain  
'Round here when it rains, it pours  
I reached down and gave you everything  
I get so tired of the rain

Maybe I wasn't meant for love  
Or love wasn't meant for us  
Either way, I'm movin' on  
I ain't one for long goodbyes  
And, girl, you ain't the crying kind  
So kiss me once and I'm gone

I'm saddled up and good to ride  
You're in my heart and on my mind

I get so tired of the rain  
'Round here when it rains, it pours  
I reached down and gave you everything  
You kept lookin' 'round for more  
You know that I was true to you  
But I could feel the winds had changed  
I might not make it through this door  
I get so tired of the rain

I get so tired of the rain  
'Round here when it rains, it pours  
I reached down and gave you everything  
I'm gettin' so tired of the rain  
I might not make it through this door  
I get so tired of the rain

But you were like the sunshine  
For the first time in a long time  
And when I fell, I fell hard
