

Moment of Truth

Whitney Houston

We've been playing games with our emotions
Let's get what we feel out in the open
Wanting you is all I do
Boy I know you want me, too
Don't you think it's time we proved
What we've been feeling
(Chorus): This is our Moment Of Truth
Either we win or we lose this love It's just the we that we fee
l
We'll know if love is for real, soon enough
Let out your feelings tonight
Cause oh, I know that I want you
It's all up to me and you
And the Moment Of Truth

Far too many times a heart gets broken
Just because three words are never spoken
We can't let that bother us
Not when we're so much in love
I could never get enough of saying I love you

(Chorus)

Wanting you is all I do
Boy, I know you want me, too
Don't you think it's time we proved
What we've been feeling

(Chorus)
