

# Forever Turned Around

Whitney

Has your heart grown heavy by now?  
Cause mine's already on the ground  
Spent a long cold winter thinking about  
The way forever turned around

Forever Turned Around  
Forever Turned Around  
Forever Turned Around  
Forever Turned Around

Should have seen this coming somehow  
The highs keep falling back down  
But it gets no better thinking about  
The way forever turned around

Forever Turned Around  
Forever Turned Around  
Forever Turned Around  
Forever Turned Around
