

Magnet

Whitney

I'm like a magnet
You're like a piece of wood
Can't get together
Don't make me feel so good

I'm like a convict
You're like the FBI
I ask for breakfast
You bring a piece of pie

I know it's useless to say
How it used to be
Why do you treat me this way?
If you could only see

You're like a magnet
I'm like a piece of steel
The way you break my will

I'm like a rowboat
You're like the Queen Mary
I play a tango
You play a symphony

When we have a problem or two
Can't you see I'm tryin'
When I see you smilin' like that
Makes me change my mind

You're like a magnet
I'm like a piece of steel
The way you break my will
