

# TERMINAL

Whitney

Furthermore  
What would be a season if it could last?  
Everywhere I've been before  
Changes when I look back

Here we go  
The time ain't slowing down  
Even when I close my eyes

I don't know  
If life comes back around  
So I have to say goodbye

Pages turn  
Far too many people never come back  
Flying down an open road  
One foot stuck in the past

We come and go  
The time ain't slowing down  
Even when we close our eyes

I don't know  
If life comes back around  
So I have to say goodbye

Young and old  
The time ain't slowing down  
Even when we close our eyes

I don't know  
If life comes back around  
So I have to say goodbye
