

Keep Running Back

Whodini

(I keep running...)
Huh, you know why?
She know how to love me
She know how to make me feel real good inside
So I can't help it
I just keep running back

I thought I had to stop all the madness
Break away the chains 'cause with you in my life I couldn't do my thing
Not to get with other women I was anxious, in need of
But I saw another angle and was made a true believer
But even though I still wanna be a ho
Had to mess around at every out-of-town show
Before I realized you was true
With everything you did and everything you do
It makes me mad when I think about the fun we had
Ha stupid me, I went from good to bad
Now how I sit around and my heart aches
I guess it's true when they say that you learn from your mistakes
And these are the breaks like Kurtis Blow
'Til it's gone what you got man, you never, ever know
The way you used to do me, truly
Nobody else has got it like that
That's why I keep running back

You know how you love me
You know how you make me feel inside
You know how you love me
And that's why I keep running back to you

I was the biggest player of 'em all, loved to ball
I had five different women and I loved them all
But there was one in the pack that made me feel a lil' somethin'
Warned me, got me horny, and everything jumpin'
I caught myself callin' other girls her name
I think I caught myself fallin' off with my game
And it's a damn shame 'cause I never thought it could
I was too much of a player for this to happen to me
I tried to block it out my brain, maintain, keep gettin' my swerve
But it didn't matter, it was all about her
Had to be 'cause I was lettin' other girls pass
And didn't care 'cause baby got some bomb ass
I just figured it was my time to settle down
Hang up my crown 'cause true love's been found
And the woman that knows everything I like
With a woman I could spend the rest of my whole life
I keep runnin' back

You know how you love me
You know how you make me feel inside
You know how you love me
And that's why I keep running back to you

You know how you love me
You know how you make me feel inside
You know how you love me
And that's why I keep running back to you

('Cause you give me good love)
You know how you love me
(In the mornin')
(I said you give me good love)
You know how you make me feel inside
(It's like fire, said its' in my bones)
You know how you love me
('Cause you know it, 'cause you know it)
And that's why I keep running back to you
