I say [?]
What's all this about an underground?
Could you perhaps explain to me?
Uh the problem is you see we in England
Don't really know about this sort of thing
You see an underground here is in fact, uh, a subway
Now you take tubes and things like that
Huh [?] what's all this about, is it a club or something?
Who do you [?], care to explain?

We're gonna take you to the underground!
Come one, come all
We're gonna take you to the underground!
And we're gonna have a ball (yeah!)
We're gonna take you to the underground!
Just follow me
And we're gonna have a ball (yeah!)
We're gonna take you to the underground!
Come live in ecstasy!
