

Pantone Cyan

WHY?

I want to pallet the neon sky
And squeeze the pigment from the most electric autumn leaves
And neighborhood, not play the Fischer-Price
Or inch-born Weeble in my very own street scene
Fall diorama
And I'd forgotten even the most beautiful straight haired Hyde
park honey
On the hot seat high school bus
I want to pallet the neon sky
And squeeze the pigment from the most electric autumn leaves
Pantone cyan
Pantone cyan
Pantone cyan
Pantone cyan
