

Ambercrombie & Me

Wicca Phase Springs Eternal

What you want is on me
I miss the way you looked in Abercrombie jeans
So when the cop calls pull up on me
I'm in my new brand, I'ma call it, "Abercrombie & Me"
Hand to hand, it's on me
I missed you at my set 'cause I know that you'd be on your knee
s
So when the cop calls pull up on me
I'm in my new brand, I'ma call it, "Abercrombie & Me"

Cut through me and shoppin' bags
I know it's done and copped to that
Say my name, Corinthiaxxx
Got no jewelry on you, I'ma have to pay for that
Touch me again, I'ma have to rave for that
Not that I'm a bad man, I just should have had that
I'm in the ice stage, I circle right back
Now put your hands there, go on and grab that

To me my life's spent passin' on
I turn the lights off, baby, in a passion song
I step back to acknowledge your frame
I remember like the heaven when you called my name
Not sorry, impatient, or passive man
Now I'm on fire when I break, so offer me your hand
So offer me your legs, it's hard to understand
A darker kind of way
A different kind of plan

What you want is on me
I miss the way you looked in Abercrombie jeans
So when the cop calls pull up on me
I'm in my new brand, I'ma call it, "Abercrombie & Me"
Hand to hand, it's on me
I missed you at my set 'cause I know that you'd be on your knee
